

# Institute of Analytical Chemistry of the Slovak University of Technology in Bratislava

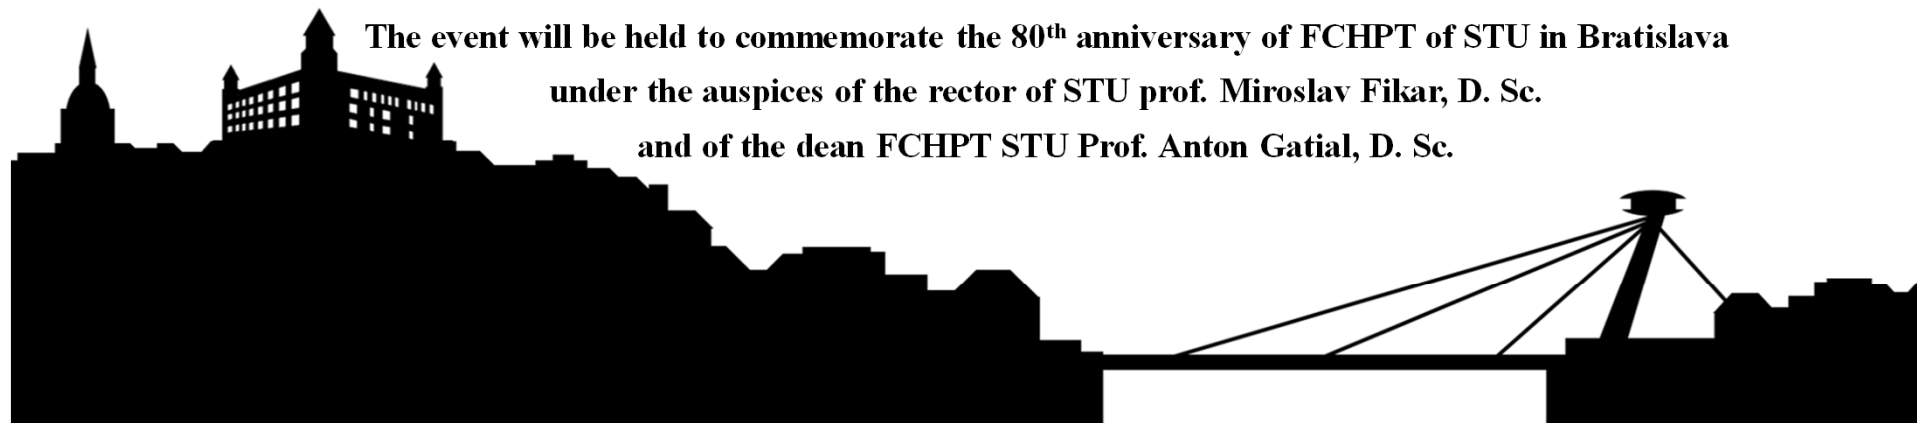

in cooperation with the Slovak Chemical Society  
and with Slovak National Accreditation Service

organize **XV<sup>th</sup> International conference**

## Present State and Perspectives of Analytical Chemistry in Practice

on 24 – 26 November 2020 in Bratislava

The event will be held to commemorate the 80<sup>th</sup> anniversary of FCHPT of STU in Bratislava  
under the auspices of the rector of STU prof. Miroslav Fikar, D. Sc.  
and of the dean FCHPT STU Prof. Anton Gatial, D. Sc.

### CONFERENCE ORIENTATION

The aim of the conference is to provide news in trends of analytical methods as well as in the evaluation of analytical chemical measurements results.

The conference is a place to share experiences of researchers in different areas of analytical testing at universities and research laboratories.

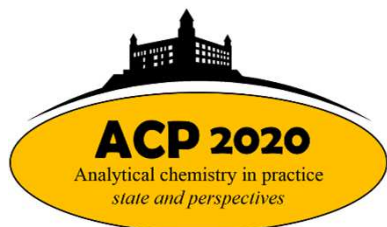

ACP 2020 is a tool to increase the qualification of research staff of analytical laboratories and particularly accredited testing laboratories.

The conference will be linked on 23 November 2020 with the following courses:

- Multidimensional and comprehensive gas chromatography
- From classical to high resolution AAS
- Introduction to LC-MS/MS

### TOPICS

- control of quality and safety of food
- environmental analysis
- clinical analysis, bioanalytical application
- forensic and toxicological analysis
- chemical analysis in industry and energetics
- sampling and sample preparation
- development of analytical methods
- chemometric and informatics
- innovations in the teaching of analytical chemistry

## OFFICIAL LANGUAGE

Slovak, Czech, English
